# IAHR Queensland Young Professionals Network

# 2021 Annual Report of Activities

# 1. Introduction

Queensland Young

The IAHR Queensland YPN brings together students and young water professionals in the science and engineering fields. The network has the support of Griffith University's Cities Research Institute.

Our mission is to establish a vibrant community of young professionals driven by leading practices in the water sector. Our strategy is to share knowledge, research ideas, project opportunities, and to promote young professionals' involvement in policy-making and strategic water research initiatives.

We also aim to build a shared vision between academia, industry and government, enabling young researchers to better identify and understand the most pressing water problems in Queensland and Australia. We encourage an interdisciplinary approach to water-related projects, that acknowledges and accounts for the complex interdependencies between water, energy, environment and climate systems, among others.

Our vision is to foster the next generation of water professionals in Queensland, to obtain the skills required to deal with, and find solutions for, the increased pressure on natural water resources that our society will face.

# 2. 2021 main goal and key objectives

Since our YPN was formed just in late 2020, our main objective was to promote the group by organising a few networking events.

# 3. Composition

# Officers

President

Dr Edoardo Bertone

# 2021 Annual Report of Activities

Dr Oz Sahin	

## List of members

Benny Rousso	Griffith University / Deakin University	Australia
Chamantha Athapaththu	Griffith university	Australia
Dave Somasundaram	The University of Queensland	Australia
Dima Al Atawneh	Griffith University	Australia
Edoardo Bertone	Griffith University	Australia
Fuxin Zhang	Griffith University	Australia
Glauber Cardoso de Oliveira	Griffith University	Australia
Ioana Giurgiu	Griffith University	Australia
Mackenzie Trenerry	Griffith University	Australia
Martin Luna Juncal	Griffith University	Australia
Muhammad Zain Bin Riaz	University of Wollongong	Australia
Qianhong Lu	Suzhou Planning & Design Research Institute	China
Ryugen Satoh	Nihon University	Japan
Subaru Muroi	Griffith University	Australia
Xinchen Wang	Griffith University	Australia

## 5. Activities

[Activities organised in 2021] [Please also attach pictures a separate .JPG files]

# Activity 1

Picture/s	Name of the activity
	Inaugural event
	Dates
	18/12/2020
	Objectives
	motivating membership and networking
	Description
	A 2-hour event with 30 participants was
	organised at Griffith University, Gold
	Coast. We introduced the group, and each participant introduced themselves. We
	then brainstormed potential activities for
	the group. The event was followed by a
	networking lunch.

# Activity 2

# 2021 Annual Report of Activities

(Brisbane). The purpose was
to attract more members
from the city. We had
around 20 young
professionals and 7 senior
speakers who talked about
their professional lives
(academic, industry). The
event was followed by a brief
networking lunch.

# Activity 3

## 7. Contributing to the IAHR strategic plan

7.1. Please describe how your activities in 2021 have contributed to and advocated for IAHR's vision and strategic plan (<u>https://www.iahr.org/index/detail/101</u>)

All events are linked to Pillar #1 (Provide a world class international <u>networking</u> platform and great member experience) while event #3 (conference) also addresses Pillar #3 (Institute events that set agendas, <u>harness and amplify the collective knowledge</u> of the global Hydro-Environment community.)

7.2. Please describe how your YPN contributes to the IAHR YPN high-level aims

As above
