

IAHR BRAZIL YOUNG PROFESSIONALS NETWORK

2022 Annual Report of Activities

Brazil
**Young
Professionals
Network**

1. Our vision and mission

The IAHR Brazil Young Professional Network was created to change experience among students, researchers, and engineering professionals linked to the hydro-environment engineering field. Brazil YPN aims to increase professional skills by means of seminars and courses and expanding their contact network.

2. Main goals and key objectives in 2022

Our main goal was to create the YPN group and start discussions about the activities.

3. Activities in 2022

30th IAHR Latin American
Division Hydraulics Congress

Date/s

November 10th 2022

Venue

Foz do Iguaçu, Brazil
