

22-23 November 2023, Barcelona

# Water management in a changing climate

## Modeling, forecasting and advanced analytics

## INTRODUCTION

Climate change pressures on hydrological cycles are increasing the need for sustainable water management and increasing the complexity of the challenge. Thus, the application of state-of-the-art methods and digital technologies is becoming a prerequisite to achieving the societal and environmental targets of water managers. The goal of the conference is to create a safe space for an effective exchange of ideas, best practices and experience, and enabling a discussion about future needs.

THE EVENT IS SUPPORTED BY:

**MINISTRY OF FOREIGN AFFAIRS  
OF DENMARK**  
*The Trade Council*

## LANGUAGES

- English & Spanish with translation

## KEY TOPICS

- Predicting Hydrological Impacts of Climate Change
- Operational Water Balancing
- Flood & Drought Forecasting
- Decision Support Systems
- Water Quality & Secure Water Supply

## VENUE

**Hotel Catalonia Eixample 1864** ☆ ☆ ☆ ☆, Carrer de Roger de Llúria 60, Barcelona  
Special prices valid till end of September : 125€ single, 135 € double, incl. breakfast

## CALL FOR ABSTRACTS

If you are willing to share your project work/results with the event participants, please send us an abstract to [hab@dhigroup.com](mailto:hab@dhigroup.com) including the presentation title and author(s) before the end of September. The abstract should have a maximum of 300 words and should provide the basic information about the project scope, problems addressed, technologies used, outcome and impact.

## EVENT SCHEDULE

Day 0 – 21.11.2023 – arrivals, evening reception

Day 1 – 22.11.2023 – morning session, lunch, afternoon session, dinner

Day 2 – 23.11.2023 – morning session, lunch

## CONFERENCE FEE

The participation fee is 350 € and includes participation in all sessions, coffee and lunch breaks, as well as a dinner on Day 1. We offer a **10% discount** for registrations made before the end of September.

The fee does not include hotel rooms
